Re: Hardship Provision Request

To Whom It May Concern:

Please accept this correspondence requesting a lowered back deduction schedule due to financial hardship. My payroll deductions began [insert date].

I am financially unable to handle the unexpected deductions at this time which has caused an added hardship.

Please honor my request under the state's hardship provision accordingly.

I understand that my current schedule will be followed until this request is processed.

I thank you in advance for your time and consideration concerning this most important matter.

Yours truly,
